NO. 247

CITY COUNCIL NEW TAX BY A \$2.18

The city council, meeting in regular session Monday night, considered the budget for next year and calls for a proposed tax rate of \$2.18. This is an increase of \$1.02 over the present rate of \$1.16.

The council set Monday evening, August 26, as the date to definitely determine the 1947 rate. Taxpayers will be heard on the matter at this time.

The proposed levy calls for a total of \$88,815.28 to be collected in taxes next year. This is \$35,907.66 more than was collected during 1946.

The new budget calls for increases in salaries of municipal employees, money to purchase a new police car and a new garbage truck; additional funds for the city park and airport.

The net taxable property in Greencastle is set at \$4,102,276.00. The number of taxable polls total 798.

Under the four different plans, the levy on property and the amount to be raised as outlined in the proposed budget for next year are as follows:

Fund	Levy	Amount
General	\$1.70	\$69,037.75
Park	.24	987.70
Bond		0.20
Airport	.21	8,569.63
Total	\$2.18	\$88,815.28

Judging Starts At County Fair

As more and more exhibits arrived at the Putnam County Fair which opened Monday at Robison Park, officials of the fair said to find more and more space to house the exhibits. As entry blanks showed, nearly all classes were overflowing.

Swine and garden exhibits were judged Tuesday morning, and those who saw the judging said the exhibits were finer and more of them than ever before at a fair in Putnam county.

Wednesday morning will see the more than 100 head of sheep as they are judged by Claude Harper. 4-H food preparation and baking exhibits will be in place tomorrow morning which will complete the girls' 4-H exhibits. The clothing, canning, room improvement, and handicraft exhibits were ready for showing today. Women's exhibits of clothing, canning, some of the special class exhibits were also scheduled to be in place by Wednesday morning.

JOINS BROTHERS IN SAW MILL FIRM

Luther and Archie Pingleton announced today that their brother, James Pingleton, will be associated with the saw mill operated by them under the name of Pingleton Brothers. It was also stated that a planing mill will be erected in the near future.

James Pingleton is well known here. He was in the U. S. Army during the World War II but was connected with the business life of the community prior to and subsequent to his service with the U. S. Army.

SPECIAL NOTICE

All baseball players having V. F. W. uniforms please be at the meeting tonight at the V. F. W. Home at 7:30.

20 Years Ago IN GREENCASTLE

Miss Esther Snider was the guest of relatives in Cincinnati. Mr. and Mrs. Harry Allan and family went to Lake Manitowish. Miss Bonnie Moffett, Miss Phoebe Conley and Miss Estella Shopf were the house guests of Miss Doyne Davis at Newport. John Vermillion left on a ten-day trip to Minnesota.

REQUESTED WELFARE TAX LEVY IS HIGHER

The proposed tax levy for the Putnam county welfare department is 11-2 cents higher than the existing rate. A levy of 32-2 cents is asked for 1947 as compared to the current rate of 21 cents.

The welfare department requested a 26 1-2 cent levy a year ago but this was reduced to 21 cents following action by the Tax Adjustment Board and the County Council.

PAUL HURST DIED SUDDENLY THIS MORNING

HEART ATTACK FATAL TO WELL KNOWN PUTNAM COUNTY FARMER

Paul Hurst, age 67 years, well known Putnam county farmer, died suddenly of a heart attack, Tuesday morning at 6 o'clock at his home west of Mt. Meridian on State Road 40, in Jefferson township.

Mr. Hurst spent most all of his life in Putnam county where he was prominent in community affairs. He was born April 30, 1879, the son of Martin and Virginia Caroline Gose Hurst. On October 18, 1899 he was united in marriage to Miss Gertrude Cooper. Mr. Hurst had been an active member of the Deer Creek Church for the past 45 years.

Surviving are the widow, one daughter, Mrs. William Padgett and five sons, Victor, Harry, Alton, Carlyle and William Hurst; two brothers, Theodore Hurst of near Mt. Meridian and Lawrence Hurst of Fort Lauderdale, Fla., and ten grandchildren.

Funeral services will be held Thursday afternoon at 2:30 o'clock from the Deer Creek Church. The Rev. Harold McCamack will officiate. Burial will be in the cemetery nearby. Friends may call at the Rector Funeral Home.

No Levies On Three Accounts

Clara Jones, county auditor, announced today that there would be no tax levy on county unit road bonds and interest, hospital bonds and interest, or jail bonds and interest. Mrs. Jones while preparing the county budget says that there are sufficient funds on hand to pay off all three of these accounts.

The county unit road bonds include five county roads which were constructed in 1927 and will be all paid for by 1947. The roads are the E. C. Rogers' et al, the W. O. Clodfelter et al, the Orva Keller et al, the David Pollom et al, and the Paul F. Cook et al roads. Only one township unit road bond levy, Warren Township has a levy of five cents on the Roy Jones road in that vicinity.

Hospital bonds and interest will all be paid off by December 15, 1947 and Mrs. Jones reports that there are sufficient funds to pay off the bonds without a county levy. The jail bonds and interest all mature December 15, 1946.

Melvin Hedge To Morristown

Melvin O. Hedge, principal of the Cloverdale high school the past year, has accepted a similar position in the Morristown schools. Mr. Hedge, a native of Reelsville and a DePauw graduate, taught in the Navy pre-flight school at the university here during the war.

LEGAL BATTLE LOOMS ON SALVAGE RIGHTS

LONDON, Aug. 6—(UP)—An international legal battle over salvage rights to the \$4,500,000 American Farmer and cargo was predicted by both British and American claimants today as the damaged prize ship limped through Atlantic swells toward the British coast.

ATTENDING I. U.

Fifteen students from Putnam County are included in Indiana University's record summer session enrollment of 4,305 full-time students on the University's campuses here and at Indianapolis.

Putnam county students included in the current summer enrollment are:

Fillmore: Arthur L. Johnson.
Greencastle: James W. Abbott, Seth J. Boyd, Freda Brattain, Sewell A. Bruner, Helen Dietz (dietary department, medical center, Indianapolis), James L. Greene, Mark H. Huckeride (medical school, Indianapolis), Harold L. Irvine, John D. James (law school, Indianapolis), Mrs. Cena Morgan, Cassell C. Tucker, Harry R. Wey Jr.
Reelsville: Robert W. Trippett.
Roachdale: Walter W. Worick.

Teachers Will Counsel Pupils

Youth have many questions. The answers to some of these in the Greencastle Schools are to be given by teachers who will have time from their regular classroom assignments to meet and talk with them about their problems. Many questions about courses to take, occupations to enter, college preparation, social adjustments and finding jobs upon graduation can be answered by teachers if the time is provided so pupils have an opportunity to talk over their personal problems with someone interested in them as individuals.

Many times absence from school can be eliminated, dropping out of school before graduation can be prevented, and social and vocational maladjustments can be corrected if the basic causes of these problems can be determined in advance.

Counselors will be interested in keeping attendance records high. Cooperation of parents and townspeople can help with this problem. Since state reimbursement of financial support is based on average daily attendance, it means dollars to our local schools. Last year the Greencastle Consolidated schools were reimbursed for forty-four teachers. At that time fifty teachers were on the payroll. Increasing pupil attendance for additional units, means \$1500. more to the local school for each unit added. More important than the financial gain is the educational dividends which regularity in attendance will pay to the boys and girls in school.

The counselors appointed by Principal William Bishop and Superintendent T. A. Kleckner will be Mr. Glenn Skelton and Miss Elizabeth Daggy in the high school. Mr. Reese Hammond will serve as counselor in the junior high school. Miss Pauline Smith, school nurse, will assist in the program as a home visitor and counselor in problems of health.

Truman Awaits Primary Outcome

INDEPENDENCE, Mo., Aug. 6—(UP)—President Truman and politicians of both parties throughout the nation today watched Missouri's Fifth Congressional District to see whether Mr. Truman was successful in his first effort to purge a Democratic member of the House.

Democrats throughout the state voted today in a party primary which had its principal point of interest in the effort of Mr. Truman and James M. Pendergast, Kansas City Democratic machine boss, to defeat the incumbent Rep. Roger C. Slaughter. One Slaughter opponent, Enos A. Axtell, had the support of the President, Pendergast and the CIO-PAC. Third candidate in the Fifth District primary race was Jerome Wain, who was given little chance of victory.

COURT NOTES

D. M. Burnett and Henry C. Pippin, charged with assault and battery by Greencastle police, were each fined \$10 and costs by acting judge Fay S. Hamilton in the Putnam circuit court Monday afternoon. Judgment was withheld on a second charge of assault and battery filed against Burnett by his wife.

SEVERE STORM HIT COMMUNITY MONDAY EVENING

MUCH DAMAGE DONE BY WIND PRECEDING HARD RAIN

Putnam county was hit by a cyclonic wind shortly before six o'clock Monday evening and considerable damage resulted.

In Greencastle many trees were blown down and traffic moved hazardedly during the storm and throughout the evening, because the street force was unable to clear the streets. Most of the eastern and southern sections of the city were in darkness as electric service was cut off when trees fell over street wires.

The rain which accompanied the tail end of the wind totaled .69 of an inch by The Daily Banner rain gauge and it seemed to be general throughout the central section of the county.

High corn was flattened in many fields by the wind and rain, and whether it will come back up remains to be seen as much of it was more than the height of a man and is quite heavy.

In addition to damage to trees, electrical and telephone wires in the community, many awnings were ripped from windows and heavy damage resulted from this source, due to the scarcity of awnings at this time.

The wind came from the west and north-west and great clouds were seen rolling in the direction of the wind. There was a little lightning during the storm, but the wind could be easily heard some distance and at times it appeared that it might form into a tornado.

It was the worst wind storm that this community has experienced in some ten or fifteen years and more rain fell following the storm than has fallen in the past two months. Parched fields soaked up the water rapidly and small streams which had slowed down to a trickling run were filled up.

Two of the worst spots in the city were those at the home of Mrs. Kate Houck, on east Washington street and the home of Dr. Van Denman Thompson on south Locust street.

At the Houck home the tree fell towards the house and the only thing which kept it from smashing it was it was not quite tall enough, and at the Thompson home the tree fell onto the north side of the residence but was not heavy enough to do much damage.

The city police were busy from the time the storm started until late in the night. They patrolled the streets for fear some motorists had been caught under falling trees, but fortunately they did not find any damage of that kind.

A huge tree at the Legion home corner fell, but it hit the center of the street and caused no damage.

The street force was busy within a short time after the storm hit, and with their trucks hauled trees from the streets and cleared traffic within a short time.

The fire department as well as the light company received calls of hot wires here and there after the storm, but everyone was cautious with them and no damage resulted.

SOME DOUBT THAT MAY WILL TESTIFY

WASHINGTON, Aug. 6—(UP)—Some senators were beginning to doubt today that ailing Rep. Andrew J. May, D. Ky., ever will tell the Senate War Investigating Committee how he became "guardian angel" of the Garsson munitions combine.

Committee members who declined use of their names said the committee was shying away from forcing the 71-year-old congressman to return from his Prestonburg, Ky., home to take the witness chair.

These committee members said they did not want to be in the position of appearing to endorse May's health.

David Jent, Jr., of Putnamville, was arrested by city police Monday night on a charge of public intoxication.

NO WORK PERMITS

Work permits for high school pupils during school hours issued by the direction of the State Superintendent of Public Instruction during the war will be discontinued in the Greencastle Schools this year. The ruling will permit only Seniors who will have completed requirements for graduation to use school time for working. Since the labor emergency is over, it is the feeling of educators throughout the state that a full utilization of school time will be most valuable to all pupils enrolled in school. Mr. Malan says in this connection, "This office of the State Superintendent has always maintained and will continue to insist that the proper place for every child of school age is in the schools."

Byrnes Flays Soviet Envoy

(PARIS, Aug. 6—(UP)—Secretary of State James F. Byrnes unleashed a counter-blast at V. M. Molotov today, accusing him of misrepresentations in his dealings with other peace conference delegates.

Byrnes sharply called Molotov to account for his tactics and statements before the procedure commission. He said he no longer could allow some of the Russian statements to go unchallenged. He accused Molotov of trying to get the Big Four to rig in advance the election of the rules commission chairman. Then, Byrnes said, Molotov misrepresented the facts to the delegates. In his speech, Byrnes replied directly to a statement yesterday in which the Soviet Foreign Minister impugned the motives and aims of the American delegation. Molotov claimed there was an "Anglo-Saxon" effort to dominate the conference and indicated he thought Byrnes might renounce Big Four treaty agreements.

With particular bitterness, Byrnes attacked Molotov's remarks about simultaneous Big Four meetings to consider conference recommendations. Molotov would have the conference believe, Byrnes said, that Molotov wanted a Big Four meeting last week to consider conference recommendations. The facts were, he added, that Molotov tried to get a Big Four meeting to try to settle the rules commission chairmanship in advance.

Quiet Prevails At Connersville

CONNERSVILLE, Ind., Aug. 6 (UP)—Use of troops to break up a picket line was termed "UnAmerican" by CIO attorney David Scribner today as a hearing was resumed on a petition for a permanent injunction against picketing the strike-bound Rex Manufacturing plants.

A Circuit Court Judge previously had granted a temporary injunction against pickets interfering with office and maintenance workers entering the plants and a hearing was opened yesterday on an application for a permanent restraining order.

Twenty pickets were arrested yesterday while trying to prevent office and maintenance workers from returning to the plants which manufacture refrigerator bodies.

Scribner also said he would protest "use of an air force as an instrument of terror against the people." He charged that the State Guard planes, which Gov. Ralph Gates had ordered to the plant along with 300 guardsmen and police as a precaution against disorder, had zoomed over the plant "in menacing manner."

Approximately 300 of the 1-300 workers at the plants went through the picket line of 150 members of the United Electrical Workers.

The Rex plants had been closed for two weeks as the result of a jurisdictional dispute between AFL and CIO Electrical Unions. Two other plants employing approximately 4,000 persons closed yesterday when workers joined in sympathy parades and demonstrations.

Latest Wire Flashes

CHICAGO, Aug. 5, —(INS)—William Heirens, 17-year-old college suspect in three murders and a long series of burglaries, today confessed that he had actually kidnapped and murdered 6-year-old Suzanne Degnan last Jan. 6.

He made his admission during a "confession conference" with State's Attorney William Tuohy.

Heirens, before the confession conference with the state's attorney is concluded, also was expected to confess to the lipstick murder of ex-WAVE Frances Brown last Dec. 10 and the robbery killing of Mrs. Josephine Ross on June 3, 1945.

The governor's order was issued following a conference this morning with James Robb, Walter Frisbie and other CIO leaders.

INDIANAPOLIS, Aug. 5, —(INS)—Governor Ralph F. Gates today ordered the withdrawal of state militia from the Rex Manufacturing Plants at Connersville.

A jurisdictional fight between CIO and AFL unions has been in progress at the plants.

Gov. Gates said he issued an order to adjutant general Ben H. Watt to withdraw units of the state guard who have been stationed at the Rex Company for the last two days.

Governor Gates said the withdrawal was ordered "due to the fact there has been no major disturbance during the last 24-hour period."

In his confession, Heirens asserted that he strangled Suzanne with his fingers as she lay in her bed. Then, he said he carried her her from the Degnan home to a nearby basement where he dissected the body with a hunting knife.

WASHINGTON, Aug. 5 —(INS)—Counsel for the Mead committee said today that the group has completed its investigation into the Garsson Brothers, midwest munitions combine and that the next step, if any, is up to the justice department.

LONDON, Aug. 5 —(INS)—Britain's cabinet was summoned to a special meeting today to review the Palestine situation because of wide opposition to the government's plan for a four-way division of the Holy Land.

PARIS, Aug. 5 —(INS)—Soviet Foreign Minister V. M. Molotov launched a sharp attack against the American and British press during a speech to the Paris peace conference today.

Molotov claimed that in many instances his addresses had been criticized instead of being published in full and added—
"Maybe there is somebody who has heard there exists two or three horses who control considerable sections of the American people. I am informed that such are the facts. But there also are people able to form their judgment about the American press."

"In England there also are many newspapers like the American press."

Fear High Toll In Earthquake

CIUDAD TRUJILLO, Dominican Republic, Aug. 5.—(UP)—Horrible peasants who lived through the earthquake and tidal wave on the northern Dominican shore described it today as a horrendous upheaval which ripped open the earth, sent up sultry fumes and churned the Atlantic into a frenzy.

Fragmentary reports from the stricken northeastern shore disclosed an exceptional geologic disturbance of frightful majesty. Thousands of peasants fled into the woods and hid while the earth continued to shiver spasmodically long after the first violent quake early Sunday afternoon.

In San Juan, on nearby Puerto Rico, seismographs recorded more than 50 small quakes in the West Indies between Sunday afternoon and last night.

GRANT PERMITS FOR BUILDING PROGRAM HERE

COCA COLA BOTTLING CO. TO ERECT \$100,000 STRUCTURE

The city council Monday night granted building and remodeling petition permits that call for more than \$130,000 in construction and improvement in Greencastle during the near future.

The biggest item was the petition of the Coca Cola Bottling Company to erect a new building at 508 North Jackson street at an estimated cost of \$100,000. The next biggest petition called for the erection of a church at 501 east Hanna street to cost \$15,000. The petition was signed by Paul Robinson, Greencastle Bible Center.

Wayne Pitts asked permission to build a new home on West Berry street which will cost \$7,000.

Otto Ernberg asked permission to remodel store front at the Greencastle Motors garage. This work was estimated at \$4,000.

The Indiana Gas & Water Company was granted a permit to recondition the business room at 101 East Washington; Virgil Deem to remodel room at 103 East Washington, estimated cost \$500; R. C. Brown to build garage at 111 Hill street, cost \$400; and S. E. Records to push wall back at 25 East Franklin.

The Coca Cola Company was also granted permission to install a sign in front of the Three Sisters lunch room on north Jackson.

The new building planned by the Coca Cola Bottling Company will be located on the site of the former Charles Meikel residence. The plant is now situated in south Greencastle.

Other business included the outlining of the proposed public employees' retirement fund. Ross Teckemeyer, of Indianapolis, was present and explained the purposes and method of financing this plan. From all indications this retirement fund will go into effect in Greencastle starting January 1, 1947.

The claim ordinance which totaled \$5,295.35 was passed by the council. This included a claim of \$3,135 for the new city roller and scarifier which has been doing good work in the repairing and patching of the city streets.

A petition to vacate the west half of the alley running west from Jackson to Market streets between Franklin and Columbia was presented. The council set Monday, September 2, as the date to hear remonstrances on the proposition.

COURT NOTES

Amy Pearl Neal vs. Herschel A. Neal, suit for divorce, Rexell Boyd, attorney for the plaintiff. George Deagon appeared in court Monday and upon a plea of guilty to escaping from the Indiana State Farm was sentenced to the Indiana State Prison at Michigan City for a period of one to five years.

BOY ON PROBATION

Fred Partin, 15-year-old boy who admitted several local thefts when taken into custody by city police last week, appeared before Fay Hamilton, acting judge of the Putnam circuit court, Monday afternoon.

The youth was released on probation to his father. Actual disposition of the case will not be completed until the September term of court opens, it was said.

POSITIONS OPEN

The Indiana Department of
the American Legion has secured
Billings Hospital, at Indian-
apolis, as a rehabilitation center
for veterans of World War I and
II. According to M. S. Hunter,
service officer of Cassell C.
Tucker Post No 58, they are at-
tempting to staff the hospital
and have it ready to open by
October 1. There are openings
at the hospital for qualified
clerical help, technicians, maids,
barbers, cooks, and many other
fields, in addition to doctors and
nurses.

Mr. Hunter has a complete
list of types of workers needed
and will be glad to give further
information to those desiring it
concerning the types of positions
that are open and qualifications
necessary.

Carlyle Hurst who went on a
trip to Pueblo, Colo., last week,
has been called home by the sud-
den death of his father, Pau-
l Hurst. He is expected to arrive in

Terre Haute Wednesday
noon.

Friends and relatives of
Fitzsimmons are invited to
and spend the day August 6th
and help celebrate his birth-
day. Bring food and service to the home of
Mrs. Oren Kivett, 3 miles
west of Roanohdale.

Mr. and Mrs. Will B. B-
Brazz; Mr. and Mrs. J-
in and daughters, N-
and Shirley, and Gene L-
Indiana; Mr. and M-
bert Twomey and daughter
lyn and Mr. and M-
Tate spent Sunday at
Park in Brazil.

The mystery of the man-
nating from old Rumb-
(ountain) at Lake L-
has been explained by
who say they are
boulders falling from the
caves deep in the mountains.

PLACE

LIKE HOME

"Far off fields always seem greener" but when it comes
true-value shopping there's no place like home. Take
store for example—right here in Greencastle it is like
merchandise from all over the world... Merchandise
you can see and handle before you buy... Merchandise
good, sound quality at a price you can afford to pay.
